

## "I WAS HOMELESS"

For many in the missions even the poor appearance of a house does not exist. Those who somehow or other manage to live with limited income of a long day's work, cannot certainly afford to project for building a proper shelter for themselves. Added to the sufferings of hunger they face the cold weather with scarcely a rag to their backs, and no doors, windows, or even walls to keep off the chilly wind. Our goal is to build shelters for the houseless people. \$ 7,000 would give a family a proper shelter.

A House Under Construction in our Telangana Mission, India.

## CARE OF THE MENTALLY CHALLENGED

The situation of the mentally sick persons is very pathetic in many of our missions. They are often excluded and unwanted by families and relatives. Many of them roam around endangering their own lives as well as that of others. Even when they are able to manage with the help of treatment people are still scared of them. We care for them for the love of Jesus.

Our Inmates and Fathers at Good News Asha Bhavan, Vagamon, Kerala, India.

## CARE OF THE SICK AND ELDERLY

Contagious diseases like leprosy, AIDS, Cancer etc. Still exist in many parts of our mission. Those affected by these tragic diseases experience deepest dejection and rejection. We strive to help them to live like any other in the society. We care for the lonely, the abandoned aged, regardless of their caste and creed, providing improvement in the quality of their lives.

Our Inmates and Fathers at Good News Sneha Bhavan, Kakkoor, Kerala, India.

## HOW CAN I HELP THIS WORK?

Our works of charity and priestly formation are supported entirely by the providence of God manifested in the free and generous contributions of people. Any contributions, no matter how small, will go a long way with us. All contributions are tax deductible.

# HERALDS OF GOOD NEWS OF ST. PAUL PROVINCE

www.hgnstpauls.org

Very. Rev. Dr. Jose Kaimlett HGN  
05-05-1941 - 27-06-2018  
Founder of Heralds of Good News

**St.** Paul Province of Heralds of Good News is one of the provinces of Heralds of Good News, a Clerical Missionary Society of Apostolic Life of Pontifical Right. It is an indigenous missionary society founded on 14<sup>th</sup> October 1984, in the Diocese of Eluru, Andhra Pradesh, India by Rev. Fr. Jose Kaimlett. Our priests are involved in seminary formation, spiritual retreats, parish pastoral ministries, helping the poor children in their education, serving the sick and other developmental projects for the up-lift of the poor and the downtrodden. Our members living in communities commit themselves to the building up of Christian communities.

Heralds of Good News of St. Paul, Inc. is a Religious and Charitable Organization. It works for the spiritual, social, economic and cultural development of the people. St. Paul Province has 94 priests and 100 seminarians in different stages of formation.

Our priests are working in fifteen dioceses in India and some dioceses in Australia, Canada, Netherlands, Germany, Italy, Papua New Guinea and the U.S.A. Our Society is committed to the cause of the poor and the marginalized irrespective of religion, caste, community and social status.

## HAVE AN ADOPTED SON FOR A PRIEST

A group of our Seminarians and Priests

The specific purpose of the Society is to promote vocations to the priesthood and to train and supply zealous, dedicated and hard working missionaries wherever there is need in the Church. Thank God we have many vocations. But many of them come from rather poor families that cannot afford the expenses of 12 years of seminary formation. You can give a partial sponsorship for a seminarian with \$ 40 for a month; \$ 400 for a year and \$ 4, 000 for a permanent memorial scholarship.

## EDUCATING POOR CHILDREN

Our School Children in a Tribal Area of Dhona Khona Mission, Arunachal Pradesh, India

Illiteracy is the root cause of most of the physical and social maladies. Rural literacy rates are nearly 20% less than urban rates and rural female literacy is less than 50%. Female children face a lot of neglect and discrimination. You can help us to educate a poor child and give him/her a chance in life.

With \$60000 we could establish a village school. Education is their escape from the oppressive burden of poverty. Your support offers these children a bright future.

Our School Children in Bonakal Mission, Andhra Pradesh, India. (2)

Our Boarding Children in Yernagudem Mission, Andhra Pradesh, India

Our School Children in Pathralapadu Mission, Telangana, India

## I WAS HUNGRY

Child sponsorship provides the child what he/she needs to survive – accommodation, food, healthcare and education.

## HUNGRY FOR GOD'S WORD

Spiritual Retreat at our Good News Retreat Centre, Pampady, Kerala, India.

## I WAS THIRSTY

In many villages there is an acute shortage for drinking water. They drink polluted water from lakes and public tanks which are shared by humans and animals alike. But drinking half the year even this is not available. 75% of all diseases are related to unsafe water. \$ 5000 would provide a village with a deep bore well and ensure continues healthy drinking water supply.
